

Gadhya

Gadhya means
what one clings to;
what one clings to,
in Sanskrit,

left unnamed.
A fine silk fishing net
cast over a dark patch
to catch what it may.

Ghost net now God's
menace as much as
any sea turtle's,
or dugong's.

One clings to
what one clings to—
the rest unsaid,
says

the word-forebear for
our descended *good*.
